

# SIDDS 2023

Seoul International Digestive Disease Symposium 2023

In Conjunction with the Annual Meeting of the Korean Society of Gastroenterology

April 8-9, 2023 Hybrid congress

<b>Name</b>	Chang-Hwan Park
<b>Affiliation</b>	Department of Internal Medicine, Chonnam National University Medical School
<b>Country</b>	Republic of Korea
<b>Major Field</b>	Pancreatobiliary organ

## Educational Background

1993 MD, Chonnam National University Medical School, Gwangju, Korea  
2002 PhD, Chonnam National University Postgraduate School, Gwangju, Korea

## Professional Experience

2003.3-2004.4 Clinical Instructor  
2004.5-2005.1 Clinical Assistant Professor  
2005.2-2010.3 Assistant Professor  
2008.8-2009.12 Research Scholar, Geffen medical school, UCLA, California, USA  
2010.4-2015.4 Associate Professor  
2015.5-present Professor, Department of Internal Medicine, Chonnam National University Medical School, Gwangju, Korea

## Other Experience and Professional Memberships

Member of the Korean Association of Internal Medicine  
Member of the Korean Society of Gastroenterology  
Member of the Korean Society of Gastrointestinal Endoscopy  
Member of the Korean Pancreatobiliary association

## Main Scientific Publications

1. Current trends in the management of pancreatic cystic neoplasms in Korea: a national survey. Korean J Intern Med. 2022 Jan;37(1):63-72.
2. Impact of Scope Exchange from a Long Single Balloon Enteroscope to a Gastroscope in Patients with Surgically Altered Anatomy. Gut Liver. 2022 Mar 15;16(2):308-316.
3. A National Survey on the Environment and Basic Techniques of Endoscopic Retrograde Cholangiopancreatography in Korea. Gut Liver. 2021 Nov 15;15(6): 904-911.
4. Diagnostic yields of endoscopic ultrasound-guided fine-needle tissue acquisition according to the gastric location. Medicine (Baltimore). 2021 Jun 25;100(25):e26477.
5. Malignant potential of small pancreatic neuroendocrine neoplasm and its risk factors: A multicenter nationwide study. Pancreatology. 2021 Jan;21(1):208-214.
6. Experience of Endoscopists in Endoscopic Retrograde Cholangiopancreatography in Surgically Altered Anatomy Patients. Clin Endosc. 2020 Jan;53(1):7-8.
7. A prospective, randomized, multicenter clinical trial comparing 25-gauge and 20-gauge biopsy needles for endoscopic ultrasound-guided sampling of solid pancreatic lesions. Surg Endosc. 2020 Mar;34(3):1310-1317.
8. Aggressive intravenous hydration with lactated Ringer's solution for prevention of post-ERCP
